To access the webcasts, please log on to the Intellia website approximately 15 minutes prior to the start time to ensure adequate time for any software downloads that may be required. A replay of the webcast will be available on Intellia's website for 14 days following each conference.

Lindsey Trickett joins Intellia as Vice President, Investor Relations, and will be responsible for leading and overseeing all aspects of Investor Relations activities. Lindsey brings to Intellia more than 12 years of biopharmaceutical experience in varying roles of increasing responsibility at AstraZeneca and Medimmune, including Treasury, Capital Management and Operations Strategy. Most recently Lindsey was a Director of Investor Relations at AstraZeneca for the North American investor base focusing on immuno-oncology and cardiovascular and metabolic diseases. Lindsey earned a degree in International Economics at the University of Kentucky in Lexington and her Masters of Business Administration with a focus in Finance from Georgetown University in Washington, D.C.

About Intellia Therapeutics

Intellia Therapeutics is a leading genome editing company focused on the development of proprietary, potentially curative therapeutics using the CRISPR/Cas9 system. Intellia believes the CRISPR/Cas9 technology has the potential to transform medicine by permanently editing disease-associated genes in the human body with a single treatment course. Our combination of deep scientific, technical and clinical development experience, along with our leading intellectual property portfolio, puts us in a unique position to unlock broad therapeutic applications of the CRISPR/Cas9 technology and create a new class of therapeutic products.
